Mate bought me this garbage game and we had a lot of fun for a dollar and a half. 10/10 would auto click again.. it's♥♥♥♥♥♥♥♥. Every zombiegame is a good game.

Never played a clicking zombie game yet, never knew it could be that hard to survive

<https://www.youtube.com/watch?v=Ene3uClEJTY>. The video in the store page is already showing everything this game has to offer

as you can see only 2 thing

shooting non animated zombies

picking up stuff. Stopped working suddenly. Piece of s***. Why all the neggy reviews??

I can kill zombies with shovel & solve hidden object puzzles at same time!

10/10 =). omg.....what a game, stuck at finding bullets. A hidden object (horror action) game that should have stayed hidden in the App Store and Google Play... At least, the visuals and the audio show more effort than any Digital Homicide or BMC Studio's title...

Do not buy this game no matter the cause, if you want a game that is cheap and good this is not the game. You would be better off buying a free game, the only thing I could recommend this game for is to raise your steam game count.

Terrible game should not buy. Do not buy this game no matter the cause, if you want a game that is cheap and good this is not the game. You would be better off buying a free game, the only thing I could recommend this game for is to raise your steam game count.

Terrible game should not buy. https://youtu.be/Vvz2Re2D_o0

Combining a hidden object game with a zombie shooter may not be the worst idea out there, however in this case the implementation squanders any potential the idea may have created.

The hidden object elements are undead simple with only a handful of objects to find most are completed in less than a minute. The 'Zombie Attack' interludes are a painful clickfest that requires no skill and a lot of luck to avoid getting stuck in a death loop to make progress.. Just like most Reviewers they wished they had a "Meh" Button, and so do I. This game wasn't complete♥♥♥♥♥but it's pretty meh.

Seriously, This game is complete mediocre and who would want to waste their money on this? People like me who want to waste their money on garbage games and review them for you lovely people.

Pros:

- It's \$1.09 so it's reasonable for the price to where it should be. So you aren't wasting too much money. (Unlike Masked Shooters 2 with their stupid over \$5.00 price)
- The one guy is carrying a M4 Carbine, I approve. (Don't judge me >:C)

Cons:

- It's a point and click game, Those aren't very fun to me.
- The hitboxes are just awful.. Sometimes it's hard to click the zombie's head on the side of the screen without a miss. And if you're lucky. He won't be close enough to eat you alive to only then make you scream in rage and make you rage quit. It also doesn't help when you have the game on Windowed Mode and you accidentally tab out, making it much worse for you to click back and worry about your characters not being overrun.
- It's one of those kind of games where if you can't see♥♥♥♥♥in the dark, you're gonna have a hard time looking for that specific item. And hitting the hint button clearly shows where that one spot is if you don't have the brightness on high, and you can't even adjust your brightness, Thanks game for making me regret I don't have nightvision on
- The music is eh... I didn't really expect much for this game to have decent music. It's just regular music you hear in Facebook games with the exact same setting as this. So it's nothing new
- What the hell is with the "W" being rotated side ways? that looks really weird and there's too much of it.
- You only go so far only to then get stuck at the one part where you have to find Ammo and there's this one ammo that you can't even grab even tho the hint shows you completely where it is. to the point where you just leave cause of how terrible they program this game.
- The zombies going up in your face in the main menu kind of scares me, Maybe cause of how creepy that is to have random zombies up in your face while you're trying to hit play. Makes my skin crawl just looking at it
- The animations.. oh dear lord... They can't animate for♥♥♥♥♥
- You know what's great about most games? The fact it has stories in them. This game has NO story whatsoever, Yeah. You're

escaping the Apocalypse, And grabbing gears and driving and shooting, praying to god you will survive. That's pretty much what you do. But it isn't REALLY a story. It feels more like an objective. Though I shouldn't really complain, This is like a Facebook game.. Most Facebook games don't.

But again, This game isn't the worst of them all, It's still bad. But when it comes to seeing how many problems there are with the game, you can easily list a lot of the problems.. I'm here to reap the karma.. pros
